

\$MTEC - The official currency of KronicKatz Ecosystem

MetaTec is the official native currency for the KronicKatz ecosystem. Use MetaTec to purchase merchandise, NFTs and courses through MetaTec.

1

Pay Transaction Fees

All marketplaces and DApps developed by KronicLabz will allow you to pay transaction fees in \$MTEC. \$MTEC will be used for gas, commission and listing fees. \$MTEC will give you a significant discount over paying transaction fees in ETH.

2

Purchase NFTs and Merch

\$MTEC will be an option in purchasing NFTs on all contracts developed by KronicLabz. Additionally \$MTEC will be accepted on all KronicLabz and Partner marketplaces. KronicKatz as well as partner merch will also be redeemable for \$MTEC.

3

Get Education and Audits

As the KronicKatz Project continues to expand its reach into the Education space, \$MTEC will be the currency utilized to pay for classes and training. KronicLabz auditing services will also be available with \$MTEC as a payment option.
